

~~CONFIDENTIAL~~

May 1970

AGENDA FOR NEXT BUILDING PLANNING COORDINATORS MEETING

1. Program Call for FY 1972.

- a. Overall space approach - [] exceptions 25X1A6A
- b. Site development and costs
- c. Parking requirements and construction plans
- d. West Parking Lot situation

2. Assumptions

- a. Main theme - variations in directorates
- b. Alternatives

3. Future of command structure in Agency

4. Cluster concepts

- a. Personnel 10 year research trends
- b. Diversification of personnel and changing emphasis

5. Bringing space generalities up-to-date

- a. Chart
- b. Categories and subcategories of space
- c. Definitions
- d. Type and timing of response

NOTE:

A single meeting was not held to discuss the above items. Instead C/BPS held a separate meeting with each of the Building Planning Coordinators during the middle two weeks of May 1970. All items were discussed except number 5. Also the three basic principles (increase, same of decrease in Agency size in next ten years) were read by each BPC). Five year consolidation planning as interim step toward greater efficiency pending construction of the new facilities was discussed, as well as results of [] Ex-Com discussion results with DDS guidance = (1) plan on about same over-all size, and (2) Agency won't go for a single building, too expensive at \$110 million and too large for Congress, so we are taking the "campus" approach.
